### Project Synopsis

- ❑ *40 degree slope on face of hill*
- ❑ *Benched out 400 square metres*
- ❑ *Moved 1200 tonne of material off site*

### Benching of Residential Site

**Customer:** Hani  
South Australia

Stokcrete have carried out large amounts of earthworks. The project required a 400 square metre area to be benched on a very steeply sloped hill. The majority of work was carried out with a 20 tonne excavator. The project was completed in 8 days.

Issues associated with this project were:

- ❑ Steepness of the site
- ❑ Surrounding residential area
- ❑ Moving material down the hill face

Equipment used on this project were:

- ❑ 20 Excavator
- ❑ Semi Tipper
- ❑ Rigid Tipper
