Project Synopsis

- ❑ 3400 square metres of Internal Burnished finish.
- ❑ 4 pours of 850 square metres.

3400 Square Metres Concrete Floor for Warehouse

**Customer: Sagle Constructions
South Australia**

May 2008

Stokcrete have constructed a number of concrete floors. The scope on this project was to place and finish. The 3400 square metres of internal floor was completed in four days. The internal floor without roof and cladding was placed with a Copper Head and Power Rake. Finishing was complete with 3 Allan Ride On Trowellings Machines. Benefits of using the equipment are:

- ❑ Cost
- ❑ Speed of installation
- ❑ Minimal staff required for construction
- ❑ Less labour intensive for staff
- ❑ Higher levels of levelness and flatness
